

Here are the frequently asked questions from bridal couples about getting married at Feel Good TentEvent:

What happens if it rains or if it unexpectedly gets cold?

In general, the ceremony takes place outdoors. However, if the weather forecast predicts rain and the ceremony cannot be held outside, it will be set up in a beautifully decorated tent. So, there's nothing to worry about: plan B is well taken care of. We always ensure an ample supply of heating sources and spacious tent capacity. This means no rearranging of chairs or hectic furniture moving. And if the weather clears up, you can simply step back outside and enjoy the rest of the celebration!"

Are we allowed to provide our own catering, or do you handle that?

Our catering options are quite diverse, and we prefer to arrange it through our own contacts. These caterers are well-known and tested, ensuring high quality at a fair price. Many caterers often include additional costs, making it unclear what you're actually paying for and what additional expenses may arise (staffing, tableware, etc.). Our caterers are familiar with the venue's capabilities and know how to work efficiently here. This reduces miscommunication and is usually more cost-effective than arranging catering independently. However, if you still wish to bring your own catering, you can do so, but you'll be required to pay a kitchen fee, which is a per-person charge.

The end time: what time should the party be finished?

The party is typically wrapped up by midnight, with the dance evening coming to a close. Guests can then relax and enjoy some time by the campfire or in the tent while having their final drinks

What facilities are available for us to use?

In principle, we can arrange all facilities you may need. We can rent projectors, screens, laptops, etc. for you. FGTE can also provide a sound system if desired, for an additional rental fee. We have power outlets, extension cords, scissors, etc. available; the use of these can be arranged upon consultation

Who handles the music? Can we arrange a band or a DJ through you?

As a rule, we typically work with our own DJs to ensure a great party where music of your choice is played on professional equipment. Additionally, our DJs are aware of the sound limit regulations (90 dB), which is excellent for a dance evening but still within limited sound levels. External musicians and DJs must also adhere to these regulations.

How do people with mobility difficulties access the venue?

Similarly, for those needing to bring items onto the site, there is a designated route to the venue. Suppliers and guests do not follow the usual route from the tea house but instead receive this route upon request. Access for cars onto the site is very limited.

Where is parking available?

Guests park in the spacious parking lots (totaling approximately 350-450 spaces) and walk the final stretch through the forest. This adds to the element of surprise! Tip: advise your guests to wear walking shoes and save their high heels for inside the tent.

What does a contribution to Landgoed Pijenburg entail?

Estates receive almost no subsidies anymore. Operating them for event purposes generates income. The contribution is used, among other things, to maintain and preserve the estate; it also covers the costs of permits (municipality, fire department).

Decoration: Are we allowed to decorate ourselves, or will you handle that?

We ensure that the venue is beautifully decorated; however, you are welcome to add your own personal touch from 9:30 a.m. on the day of the wedding. All decorations must be removed the same evening, including along the access route(s), to restore the venue and pathways to their original state. Please refrain from using materials that leave any traces, such as confetti, streamers, rice tossing, rose petals, etc. This should be communicated emphatically to the master of ceremonies and/or guests. No nails should be driven into trees, and no tape should be used on the tent.

What is the cost of a wedding at Feel Good TentEvent?

That depends on several factors: the number of day and evening guests, the duration of your event, the choice of food, and any additional options. After an (optional) detailed preliminary discussion about your preferences, we always create a personalized mood board and quotation for you.

Are beverages included or calculated separately?

We exclusively offer a beverage package that is included in our wedding packages and clearly outlined in the quotation. This ensures there are no surprises afterward, and you know exactly what to expect. The package includes coffee, tea, Prosecco for the toast, white and red wine, rosé, Belgian draft beer, soft drinks, water, and fruit juices. Guests can enjoy unlimited drinks from the bar.

What does wedding management entail?

This includes: all organization, handling, preparation, and communication, both with you as the bridal couple

and with the coordination of suppliers, both before and during the wedding day. It also includes serving as your point of contact throughout the day/evening.

Can we also stay overnight at the venue?

No; however, we can provide you with several great suggestions, ranging from camping at campgrounds to luxury accommodations and everything in between.

Can we also arrange things ourselves, such as a cocktail or coffee bar?

We maintain control over these aspects. To ensure quality, cocktail bars, coffee bars, and other enhancements are typically arranged by us. However, if you have any suggestions, we are happy to contact these providers on your behalf.

Are there restroom facilities available?

Absolutely! We have 3 ladies' rooms, 2 gentlemen's rooms, and 2 urinals. They function just like those at home. 😊

If you have any additional questions, feel free to call or email us! Kind regards

Inez Kroon & Team Feel Good TentEvent BV
